

Saints Cyril and Methodius Parish at the Church of Saint Joseph

March 1, 2023 Is the 60th Anniversary of a Tragic Day in Our Parish Community

Each year on the first day of March, we remember that dreadful day when our beloved **Parish Church of St. Joseph** burned. Next year, we will remember that tragic event that happened sixty years ago. In commemoration of this special anniversary, we would like to place a historical segment on our Parish website, and to create a collage that will be placed in the vestibule of our Church.

WE NEED YOUR HELP!!!

We are asking that anyone who has pictures, 8mm film, slides or any other visual memories of that day, to please drop them off at the Parish Office to enable us to copy them and use them for this purpose. All items will be returned to their original owners upon completion.

We are looking for pictures of our former Parish Church, the fire and its aftermath, and the construction and dedication to our present House of Worship.

We can only accomplish this task with your support and help.
Please consider lending a helping hand.
